

Title of Project:

Satellite Interactive Terminal Outreach Programme

Name of Principal Investigator	Mr. M. K Beg
Scientific Team	Miss Sanju Verma (Resigned), Research Associate-1 Miss. Stuti Nigam (Resigned), Senior Research Fellow
Name of Funding Agency	Indian Institute of Remote Sensing (IIRS), ISRO, Govt. of India
Tenure of Project	March 2013 to Perpetual

Summary of Project:

The initial focus of SIT promotes distance learning by the use internet so that access to large number of institutions / universities / individuals. At present this programme is linking more professional and user departments and academia in the State to develop their skills in geospatial technologies and its applications. The SIT outreach programme is being conducted through following two major modes:

- Live and Interactive classroom sessions (also known as EDUSAT)
- E-learning based online courses through Internet and A-view software platform developed.

The live classroom session are being conducted during 4:00 PM to 5:30 PM on daily basis through studio facility setup in the Council.

13 training programmes have been organized by the Council for Government officers, Researchers and Students of the State.
