Laboratory Facility and also facilitation of Intellectual Property Rights through its Intellectual Property Rights Centre to improve the quality of life or contribute to the development of the State as knowledge-based society.

Such a collaborative program and consultancy is aimed to support Council – KU research collaboration projects in scientific disciplines and field of application and also facilitate intellectual property related activities at KU. A key outcome for this MoU will make available new knowledge for the larger interest of the society both at Chhattisgarh State. This collaborative research mode shall also help in understanding research needs of the industry in both the States and thus shall provide key inputs for the academia in KU to formulate new industry – oriented projects and expand the scope of research in any domain handled by any faculties of KU.

ARTICLE II: SCOPE OF THE COLLABORATION

The general purpose of this MoU is to extend the Central Laboratory facilities and facilitate Intellectual Property Rights so as to enable research cooperation between the parties hereunder based upon the principles of mutual benefit and may include the following general cooperation areas;

- 1.1 Consultancy and research activities at CLF and for addressal of IPR and its management on the set norms of the CCoST.
- 1.2 Exchange of visiting experts and consultants for the purpose of conducting research.
- 1.3 Exchange of scholarly information including indices to theses, books and magazines on relevant subjects (subject to copyright rules) and potential joint projects where possible and appropriate.
